TOMFOOLERY PRESENTS

# Cirque Voila!

An invitation to your  
own private circus

As if in a dream,

we defy the laws of gravity.

Dance. Contortion. Juggling. Aerial artistry. Acrobatics. The apex of international talent grace the stage as the performers reach for

startling and provocative images. No huge hubbub.

Nothing to separate you from the action. You are inside. A circus in the palm of your hand.

She **soars and twists** in exceptional displays of power, flexibility and grace. With a form sculpted from the classical palette, she embraces the challenge of unaided human flight.

*Cirque Voila!*

*Cirque Voila!*

Your own night of mystery.

**The possibility of human achievement.**

The comic core of Cirque Voila, the buffoons surprise and delight unsuspecting guests. Their non-verbal shenanigans and outrageous clowning are the links between the audience and the show.

*Cirque Voila!*

A fusion of logic, creativity and exceptional technique is the signature of any Cirque Voila spectacular juggling act. Clubs, balls, and spinning diabolos cascade in complex patterns and shapes, elevating the art of juggling into a rare sphere.

*Cirque Voila!*

Exceptional physiques cut as if from marble, they remain rigid like statues; a display of power and strength at rest. The music begins and they move. Their muscular displays of balance and power border on the edge of credibility.
